

Run Circles Around THE COMPETITION

Innovated For Your Applications

Proprietary Options Include

WHO WE ARE

The Axiom Foods Difference

Established

Creating the organic rice protein market in 2005, Axiom sets and raises the bar for trusted certified plant-based protein and dairy-alternative ingredients, backed by clinical trials. Headquartered in LA, Axiom owns multiple processes and patents helping customers stand above the competition.

Trifecta

The only company which is innovator, manufacturer AND distributor of multiple sustainable ingredients.

Sustainable

From traceable, truly organic fields, to unique water-saving processing, and upcycled plant sources, Axiom's technology and ingredients offer sustainable solutions.

Worldwide Resources

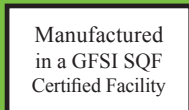

Sourcing high quality raw ingredients through key partnerships, including U.S., India, Thailand, China, Norway and Peru, and distributing internationally through relationships with Brenntag Food & Nutrition, among others.

Inventory

Largest consistent commercial quantities, matching the samples provided, with new production lines in development worldwide.

Quality Control

Manufacturing in GFSI-certified and ISO-certified facilities using HACCP based standards, lab tested at multiple stages, and authentically certified. Organic certification is verifiable and uniquely trusted.

Team of Experts

From an ever-growing Quality Management team to Food Scientists specializing in everything from functionalities to human nutrition — dozens of people are here across the U.S. to serve you.

Not All Innovators Are Created Equal

Axiom is Making News

Los Angeles Times

“[Axiom] has cornered the \$150-million market for the alternative protein as it shifts from the sports-supplement aisle toward a ubiquitous ingredient of products on nearly every grocery store shelf.”

“Want Muscles? Rice Is the New Meat.”

Axiom Foods' Rice & Pea Proteins featured in "Game Changer: Plant Proteins for Athletes" Nutrition Research Project won by clinical research experts Increvevo

Current Ingredient Overview

Commercial Quantity Solutions

The Proprietary Added-Value Solutions

Brown Rice Proteins NEW VERSIONS

Oryzatein® Original, Silk, Ultra, Ultra ADV, SGBN-N, CLEAR

Oryzatein (oh-RAHYZ-uh-teen), the **only FDA GRAS and USDA organic rice protein** which are uniquely USDA SOE Organic certified, patented, clinically tested, Non-GMO Project Verified, 100% digestible, and great tasting. They also feature different textures and smoother suspension-grade options, offered in 80% and 90% protein levels. Ask about lower cost options and best payment terms.

Pea Proteins NEW N. AMERICA

VegOtein™ Z80, N, HP80, TX, I, CLEAR

VegOtein (VEJ-oh-teen) is our line of pea proteins which are uniquely guaranteed free of soy and gluten, 100% digestible, FDA GRAS, Non-GMO Project Verified, and **now NEUTRAL made in N. America!**

There are multiple functional versions from neutral organoleptic or soluble isolate for low pH, to texturized shapes and sizes from Europe.

Plant Milk Powders

OryzOlait™

OryzOlait (oh-rahzyz-OH-ley) the only nutrient-dense brown rice dairy-alternative, uniquely certified non-GMO and Whole Grain, is great tasting, and made in N. America.

AvenOlait® NEW VERSIONS

AvenOlait (ah-VEEN-oh-ley) is the only nutrient-dense oat milk powder featuring the same health claims and benefits as whole grain oats. It features an amazing “ovaltine” flavor plus Non-GMO and Whole Grain certifications. It is made in N. America, and **offered in gluten-free and low-fiber options.**

Quality, Seed-Based Proteins

Hemp Protein VIRTUALLY NEUTRAL

Cannatein®

Cannatein (CAN-uh-teen) hemp hearts protein is virtually neutral in color, aroma and flavor. the nutrient-dense, 58% concentrated protein, has the longest shelf life, at 18 months.

Pumpkin Protein

CucurbOtein® OT59, OR65

CucurbOtein (kyoo-CURB-oh-teen) pumpkin seed protein is arginine-rich and available in multiple versions from 59% to 65%, raw or toasted.

Clinical Studies

Plant Protein's Winning

Clinical study shows Leucine, the **key amino acid for muscle building**, absorbs almost 30% faster from Oryzatein® rice protein than whey protein.

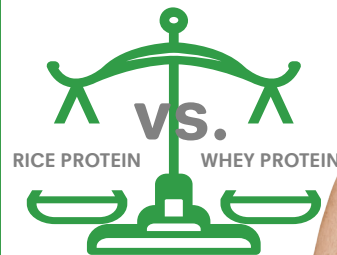

WHEY
85 minutes

RICE
67 minutes

3 Published Clinical Trials 1 Head Turning Result

All prove that Oryzatein® is **equally as effective as whey protein** for increasing and maintaining lean muscle mass.

WHAT'S SO HOT ABOUT (PLANT) Milk + Protein?

Make A Splash

With Whole Grain Rice And Oat Milks Made In The U.S.

OryzOlait Rice Milk & AvenOlait Oat Milks are the only ones:

- 100% Whole Grain Certified
- Made in U.S.A.
- Same betaglucan & other claims as whole oats
- Low fiber option now available!

Protein's Nutritional Benefits Shakedown

- Provides building blocks for antibodies needed to support immune system
- Promotes satiety (full feeling) for weight management
- Builds and preserves muscle mass and strength
- Reduces loss of muscle mass from Sarcopenia in Baby Boomers
- Helps to stabilize blood sugar and insulin
- Builds valuable enzymes that regulate daily body functions
- Provides building blocks for all body tissue
